

# HANA HOU HOU SHU

## ROSÉ SPARKLING SAKE

Crafted in a similar fashion to Champagne, with its secondary fermentation in the bottle, this sparkling sake is also brewed with rose hip and hibiscus to produce its pink color and dry finish.

**Taste:** This sake is slightly drier than Hou Hou Shu, but it is still wonderfully fun, light and effervescent.

**Serve:** Open gently and serve well-chilled.

**Pair:** On its own as an aperitif, or pair with spicy foods, or fruit desserts.

**Region:** Okayama
